Subject: STA Proxy Reform FAQ Document

The Securities Transfer Association (“STA”) recently released a question and answer document, explaining in greater detail the Association’s policy positions regarding reform of the proxy voting and shareholder communications system.

You can review the STA’s FAQ document on its website (www.stai.org) or via the following direct link: <http://www.stai.org/pdfs/Proxy-Reform-FAQ-STA.pdf>

This document summarizes the proxy reform issues very concisely, and has been placed in the SEC Concept Release comment letter file (<http://www.sec.gov/comments/s7-14-10/s71410.shtml>).

This is a very worthwhile document to review for anyone interested in learning more about proposed changes to the proxy processing system.

Thank you for your interest in the Shareholder Communications Coalition.

Niels Holch
Executive Director
